Traditional German quality - driving your durable business development

- More than 30 years pioneer in sustainable product development
- Smart hygiene solutions ensuring profitable growth
- Trusted brand

Professional user training and on-site support for Sustainable Hygiene Solutions

- Comprehensive knowledge transfer through qualified cleaning consultants
- Customized hygiene plans and cleaning recommendations optimizing your business and cleaning procedures
- Increased service value and strengthened company reputation

Sustainable development and production

- EMAS:**
- Continuous improvement of environmental performance
 - Annual sustainability report
 - Energy and water management
 - Social Fairness

- DIN ISO 14001:**
- Continuous improvement in reducing waste and CO2 emissions, and saving of energy, water and material consumption

- ISO 50001:**
- Continuous improvement of energy management: performance, efficiency, security, use and consumption

- A.I.S.E.-Charter:**
- Safe and sustainable manufacturing of cleaning products

- DIN ISO 9001:**
- Continuous improvement of management processes and customer satisfaction
 - Established quality management system in product development and production

GLASS cleaner

green-Effective® Glass and window cleaner

- Increased user safety ■ High performance ■ Streak-free

Product profile

- GLASS cleaner is a glass and window cleaner with exceptional environmental properties, which is based on fermentation ethanol (spirits). Respecting biological cycles, it cares for people's health and cleaning staff's safety.
- Meanwhile enhancing the work safety, the extraordinary power of GLASS cleaner assures outstanding cleaning performance with minimal efforts and costs.
- Whilst the pH neutral formulation is gentle to skin, GLASS cleaner easily removes grime, grease and nicotine sediments from all glass and mirror surfaces.
- The product saves time and effort by drying quickly and without leaving streaks, keeping the material's original shine.
- Majorly composed of renewable resources, GLASS cleaner takes on the responsibility for future generations.

Area of application

- GLASS cleaner is suitable for all glass and mirror surfaces indoors and outdoors, such as windows, mirrors and glass cabinets.
- GLASS cleaner is also suitable for Inox as well as stainless steel.

Product safety, storage and environmental instructions

Safety: For professional use only. Avoid inhaling sprayed product. Test material compatibility before use. For further information, see Safety Data Sheet.

Storage: Store at room temperature in the original container.

Environmental: Only give completely emptied container in the recommended waste container. The product is not intended for large-scale cleaning. For maximum effectiveness always use the correct dosage. This will minimize water consumption and reduce water pollution.

Application and Dosing

Dose in relation to application and degree of soil. Follow below instructions.

Glass & window cleaning: Spray onto a clean and lint free cloth and wipe the surface.
