

Stainless steel polish

Description

Suma Inox Classic D7 is a ready to use polish for use on stainless steel surfaces.

Key properties

Suma Inox Classic D7 is a specially formulated polish for use on stainless steel surfaces, which are not in direct contact with foods, like refrigerator, tables, freezer doors, trolleys and dishwashing machines. The special blend of oil and solvent provides an effective removal of water and finger spots and leaves a long lasting shine on the surface.

Benefits

- Removes water spots and finger marks easily
- Keeps surfaces looking good, with a smooth lustre
- Resists finger marks and water spotting to maintain a polished appearance for longer
- Simple and easy to use

Use instructions

Suma Inox Classic D7 is a ready to use product. Squirt sparingly on a wipe or a clean cloth and polish till surface is shiny. Do not use on surfaces which come into direct contact with food.

Technical data

Appearance: Clear colorless liquid
