

TASKI® Jontec 300 Pur-Eco

F4a

Low foam, neutral floor cleaner

Description

Low foaming daily cleaner for water-resistant hard floors and can be used for both manual and machine applications.

Key properties

- pH-neutral
- No residues on the floor and no build-up
- Low foaming
- Effective cleaning at very low dosage
- Fresh fragrance

Benefits

- Safe to use on all water resistant floors
- No grey or "greasy" floors
- Good degreasing properties at minimum dosage to save costs and minimise the impact to the environment
- Fast drying time without streaks

Use instructions

- Bucket cleaning: Apply the solution with a mop. Allow to act. If required scrub. Remove the soiled solution.
- Machine cleaning - direct method: Apply the solution to the floor, scrub with pads or brushes and remove the soiled solution.
- Machine cleaning - indirect method / heavy soil: Apply solution with scrubbing action and squeegee blade up, allow contact time before scrubbing for a second time with squeegee blade down to remove the solution. Rinse with clean water if necessary.

Dosage*

TASKI Jontec 300 Pur-Eco needs to be diluted and is either dosed manually or with pump.

Dosage:

- Bucket application: Dose 10-12.5 ml into a bucket filled with 5L water (0.2%-0.25%).
- Scrubber drier / Single disc machine use: Dose 25 ml per 10L water (0.25%) into the machine tank.

Proper dosage and temperature save costs and minimize environmental impacts.

**This dosage is according to optimal conditions, recommendations may vary, please consult with your Diversey representative for directions.*
