

Disinfectant tablet

Description

Suma Tab D4 tab is a concentrated tablet for disinfection of all surfaces including food contact surfaces.

Key properties

Suma Tab D4 tab is a concentrated tablet very effective as a disinfectant for use on all food and non-food contact surfaces. The product is a stabilised chlorine tablet, easily soluble in water and very effective as a disinfectant against a wide range of micro-organisms, in all water conditions. One tablet per 15L water delivers 100ppm active chlorine.

Benefits

Highly concentrated formulation gives economy in use. Effective against a wide spectrum of micro-organisms, helping to improve hygiene security. Effective at low temperatures and short contact times. Safe for use on all surfaces, including aluminium.

Use Instructions

Use instructions For soiled areas, always preclean with a Diversey detergent and rinse with water.

General disinfection:

1. Minimum recommended dosing of 1 tablet* in 15L of hand warm water.
2. Apply to surfaces with cloth, brush or mop or place items in solution to soak
3. Leave for 5 minutes.
4. Rinse food contact surfaces with clean water.

Dosage*

1 Tablet in 15L of water = 100ppm av Chlorine

**This dosage is according to optimal conditions, recommendations may vary, please consult with your Diversey representative for directions.*

D4 Tab
