

ECOLAB®

MAXX Brial2

SUPER WETTING SURFACE AND GLASS CLEANER

Performance

- ▲ The mix of cleaning alcohol and active ingredients ensures excellent cleaning results on glossy surfaces and floors
- ▲ Excellent material compatibility prevents damage on surfaces
- ▲ Streak free formulation

Efficiency

- ▲ Removes dirt quickly
- ▲ Effective in low concentration to reduce cleaning costs

Safety

- ▲ Material friendly formulation allows use on most water resistant hard surfaces
- ▲ Colour-coded system to ensure the use of the right product for the right cleaning task
- ▲ EU-Ecolabel certified

Use instructions

1. Check hygiene plan and product label for detailed use information.

recommended

2. Wear suitable protective clothing when handling the product.

3. Depending on soiling, add 10 - 100 ml MAXX Brial2 to 10 l water. For daily cleaning with normal soiling, mix 25 ml MAXX Brial2 with 10 l cold water.

4. Wipe the surface and leave to dry. We recommend using MAXX Brial2 in combination with colour-coded polifix® microfibre cloths to avoid crosscontamination.

5. For manual floor cleaning we recommend the product in combination with Ecolab microfibre mopping systems.

6. No rinsing required.

Super Wetting Technology

MAXX Brial2 has a super wetting capability and is well suited for highly water repellent or porous surfaces.

Recommended customer areas

Daily office cleaning, public buildings, hospitals, schools, etc.

Special notes

- ▲ Test material compatibility in a small inconspicuous area prior to application. Material compatibility tested for PMMA Polymethylmethacrylat e.g. shower walls.
- ▲ Position warning signs 'Attention wet floor' and leave in place until surface is totally dry.
- ▲ Proper dosing saves costs and reduces the impact on the environment.
- ▲ For professional use only. Safety data sheet available for professional users on request.

Safety information

- ▲ Do not mix with any other product.
- ▲ For further information and safety instructions, please see product label and Safety Data Sheet.

Storage conditions

- ▲ Store between 0 °C and 40 °C in original closed container only.
